# A Policy Framework to Advance English Learners Opportunities & Outcomes

# Motivated by:

# State EL Policy Framework

# State EL Policy Framework

# Zooming in to Policy Area 4: Access to core content

- Simultaneous language and content instruction is good
- Yet disproportionately in lower-track & fewer core content classes
- Leads to lower achievement, slower reclassification, barriers toward graduation
- Placement insufficient; need accessible instruction

# For example...

ELs are far less likely to be enrolled in a full course load, driven primarily by ELA.

Proportion of Students in Core Academic Content Areas, per Semester, by Language Classification, Grades 6-8

Data are from one large school district. See Umansky, 2016.

# Policy implications

- [Context: AB 2735]
- Monitor course access
- Ensure full core access
- Address course level
- Attention to quality in sheltered classes
- Promote teacher skills & materials in core

# Zooming back out: Using this framework

- Assess your agency's work in each of the 9 areas (district, school, external organization)
- Identify areas of need or weakness & take (or promote) action
- Consider adopting a comprehensive EL framework (as part of EL/Lau Plan)

# Thank you.

## Challenges

- Early childhood opportunities
  - Lack of depth and connection in data – depth of data analysis & aligned decisions
  - Centralized decisions (curriculum, assessment, instruction) that are good but not always aligned to the school need or focus
  - Constant change (materials, staffing, professional development)
- Impacts on teacher trust

# School Culture

- Shared leadership – multi-level

# School Culture

## Challenges

- Mindset about students and families → our role and responsibility
- Need is so much greater than academic
- Staying focused/positive on progress and growth
- The toll of difficult relationships, mindsets, actions and repercussions of being an advocate

→ Impacts on teacher and administrator wellbeing
