Key Policy Actions to Support Formative Assessment Process

1. Ensure professional learning models good formative assessment practices
2. Align preparation, credentialing, induction to strengthen FA capacity of new teachers
3. Build evaluation systems that value & support FA practices for teachers, students
4. Develop assessment literacy to ensure appropriate use of different forms of evidence

(Linquanti, forthcoming)
1. Ensure teacher professional learning models formative assessment practices

- Update state professional learning standards for teachers and administrators
- Strengthen local support & engagement structures
  - Allow focus on problems of practice
  - Use learning trajectories, coaching & feedback, reflection
  - Apprentice teachers in FA process

2. Align teacher preparation, credentialing, and induction to strengthen FA in new teachers

- Incorporate FA practices in teacher prep, credentialing, induction / admin. credentialing
- Recruit from IHEs that develop FA capacity
- Support pre-service clinical experiences, mentorship

4. Develop assessment literacy to ensure appropriate use of different forms of evidence

- Ensure policies and messaging clarify and support a balanced assessment system
- Specify how PD plans and resources will build teachers’ and students’ FA capacity
- Examine resources claimed to support FA process
- FA vs. assessment for formative purposes vs. “formative assessments”
